Dr. J. C. Tache, Deputy Minister of Agriculture, who has been incapacitated from duty by a fall for several months, will it is said, shortly withdraw from the service, to be succeeded by Mr. John Lowe, the present Secretary.

A clerk in the Montreal postoffice has been arrested for robbing the mails. In his room was found a cash-box containing from four to five thousand dollars in bills, which he acknowledged did not belong to him.

DUNDAS, Oct. 11.—A fatal accident occurred about five miles west of Dundas on the Waterloo road, in which a Miss Hewitson, niece of Mr. McQueen, postmaster of Dundas, lost her life. The deceased and her sister, after visiting friends, were returning home when the horse shied, backing the buggy over an embankment.

From later despatches concerning the shooting of the young man Devlin near Maidstone Cross, Essex County, it appears that deceased with others went to the Monroe Mills about 11 o'clock on Monday night and demanded admittance. Mathews, the lesse, ordered them away, and upon their refusal to leave, fired through the glass door, the ball passing through Devlin's head.

At the Brant County Assizes on the 10th. inst. a suit against the Grand Trunk Railway to recover damages by the wife of a man who was killed while crossing the track, was heard. Whilst the jury were engaged in the case Mr. Justice Vanderlip patted one of them on the back and made use of language calculated to influence the juror in his verdict. Upon complaint being made to Mr. Justice Burton the offender was fined $50 and sentenced to imprisonment for 24 hours. The imprisonment was afterwerds remitted.

Much indignation is expressed in Quebec at the careless indifference of the police, which is regarded as almost criminal in the Horsington case. That a helpless female, a stranger, after applying to the police for assistance and direction, should be allowed to wander about in a city like Quebec, and ultimately die in a ditch without any assistance or attempt to relieve her sufferings, is almost incredible.

The body of Mrs. Woods, one of the victims of the Asia disaster, has been found half-buried on Lonely Island. The remains were stripped of all valuables, the pocket of its dress had been cut, and an empty pocketbook was found in the bushes close by.

The trial of Constable John Albert, for shooting the boy Young in High Park in July last, took place yesterday before Mr. Justice Armour. The prisoner was convicted of murder, and sentenced to hanged on November 10th. He received his sentence quite calmly.

The deputation of sugar refiners interviewed on the 12th inst. the Premier and Sir Leonard Tilley yesterday. They ask for a drawback or bounty upon granulated sugar exported from Canadian refineries of two and one-tenth cent per pound. This would enable the Canadian refiners to sell refined sugar to Newfoundland and other countries for less than to the consumer in Canada.

The corner's jury in the case of the woman Horsington, who was found dead in a ditch near Quebec, have returned a verdict that deceased died from disease engendered by cold, starvation, and fatigue, and censured the Quebec city police for not detaining deceased and obtaining medical relief for a stranger evidently ill in body and mind.

The city of Brandon, which has just completed its first year of existence, has a population of three thousand. The amount of its assessment is four million dollars.

On Friday 6th inst. two brothers named Magwood were driving a heifer, when the younger suggested tying the elder to the animal with a rope. Scarcely had they started when the beast ran, and the boy fell, and screamed for help. This only frightened the heifer, and it was some time before the animal was stopped, when the boy was released bleeding and torn, and died in half an hour.

James Bibby, who was on trial at the York Assizes for murdering his wife, has been found guilty of manslaughter, and sentenced to five years in the Kingston penitentiary.

The light house keeper at Anticosti reports that the residents are deserting the island, the total population new being less thar 400. Half of these contemplate removal this fall rather than brave the terrors of the winter.

Michal Lee was convicted at the Assizes at Napanee on the 12th inst. of the murder of his sweetheart, Maggie Howie, and sentenced to be hanged on November 17th.

Application will be made at the comming session of Parliament for a charter to construct a railway from Winnipeg to the Hudson Bay.

ST. JOHN, N. B., Oct. 11.—The arrest on Saturday of Penry Blatch, chief clerk of the County Court of Qusen's county, Prince Edward Island, on a charge of having committee robbery on the premises of Carvell Bros., Charlottetown, is the sensation of the day in that city. The amount stolen was about $700. The robbery took place on the 24th of September. Blatch was formerly a clerk in Dorgell's and hitherto borne an irreproacnable charcater.

MATERNAL AFFECTION.

A Touching Case Detailed by a Medical Journal.

A touching instance of maternal affection is recorded in a recent number of a medical journal by a Manchester physician. Dr. William Walter, of that city, was sent for to attend a young lady who was dying from the effects of severe hemorrhage. When the doctor arrived his patient was lying still and unconscious; her face and lips were blanched; her eyes had assumed that dull and lifeless appearance which only death, or its near approach, can produce. Respiration was scarcely perceivable, and the pulse could only at intervals be felt. Dr. Walter, whose experience of such cases is great, knew at once that there was only one chance for her—viz., transfusion of blood from the arm of a healthy person to the blanched limb of the moribund. The lady's husband cheerfully consented to give his blood to have his wife, but the mother would not hear of it. Although she knew the risk attending the operation, she begged to be the donor. Doctors are not all made of cast-iron, and this one could not resist the entreaties of that loving mother who offered her life's blood at any cost to save her darling child. While Doctor Walter was performing venesection on the mother in an adjoining room, and before he had time to collect more than four ounces of blood, his assistant acquainted him that his patient was apparently lifeless. Who can depict the agony endured by husband and mother during the next fifteen minutes! The physician hurried to the bedroom to prepare the lady's arm for the reception of the blood. He founda vein—not without great difficulty—isolated it from the surrounding tissues, made a small opening in its walls, and inserted the silver nozzle of the injecting apparatus. In from ten to twelve minutes all the blood was injected, and almost immediately respiration became distinctly visible and audible; the pulse returned to the wrist, and in the course of a quarter of an hour the insensibility gave way to consciousness, and she was able to recognize her friends. Her convalescence was steady and uncomplicated, and within a month she was able to walk out of doors.

Canada.

COLLINGWOOD, Oct. 23.—The bodies of two women and a man, victims of the Asia disaster, were found on Horse island. The women were identified as Miss McNab and Mrs. Walters; the former a passenger, the latter a ladies' maid of the Asia. The man was decomposed beyond recognition.

MONTREAL, Oct. 23.—The provincial government have entered suits for the collection of a new tax imposed by the government against the following railways: Grand Trunk, Canadian Pacific, Southeastern and Montreal, Portland and Boston. The amounts vary from $7,000 to $10,000.

MONTREAL, Oct. 24.—Archbishop Bourgett, an octogenarian, within two years has paid off a debt of nearly $100,000 resting upon his diocese, largely aided in the market value of real estate belonging to the church, and is now engaged in building a cathedral after the method of St. Peter's in Rome, to cost $1,000,000, of which $400,000 have been subscribed.

OWEN SOUND, Oct. 25.—A party who returned from the search for the bodies of the Asia victims reports that all dead bodies have been robbed of valuables, in some instances even their shoes were taken off. Indians in the vicinity have been spending money freely of late, and were evidently benefitted financially by the disaster.

CALIFORNIA.

Great Seizure of Smuggled Goods.

SAN FRANCISCO, Oct. 24.—Last night an officer engaged in watching the China steamer Arabic, at the mail dock, saw a boat run alongside and receive something from the ship. On discovery the boat moved off. The officers opened fire and at the second shot the boatman dropped his oar, saying that he was shot. His comrades, on the approach of the customhouse boat, threw some packages overboard and escaped in the darkness. The packages were recovered and found to contain opium and silks to the value of nearly $40,000.

James Rourke, night inspector on duty on the steamship Arabic last night, has been arrested and is in custody of the United States marshal on a charge of conspiring and aiding to get smuggled goods ashore. The customhouse officials say they have proof to the effect that instead of Rourke preventing smuggling from the vessel, he looked at the men during the delivery of the contraband articles into the boat, and also conversed with them. Other parties are strongly suspected of being implicated in the smuggling, and will be arrested as soon as sufficient evidence is obtained.

SHE SWAR'D.

(From the Arkansaw Traveller.)

"Do you know the nature of an oath?" asked a judge of a colored woman.

"Yes, sah; I reckons I does."

"You know then what it is to swear?"

"Yes, sah; I reckon I does."

"Hold up your hand and swear." She held up her hand and ripped out an oath which almost took the judge's breath.

"I'll send you to jail for this, you miserable creature."

"For what, judge?"

"For using profane language in this court room."

"I doesn't know what yer mean by 'fane language. Yer tole me ter swar, and' I swar'd.

SURE BUT NOT SLOW.—People who have used Dr. Thomas' Eclectric Oil to get rid of pain, find that it is sure but not slow. A cough even, of long standing, is speedily controlled and cured by it. Rheumatism, neuralgia, corns, lame back, and swelled neck rapidly disappear when it is used. 61

Messrs Pfaender & Co., Portland.

GENTLEMEN:—I enclose you P.O.O. for last lot of Oregon Blood Purifier, which came safe to hand. It is a regular CURE ALL. I have got entirely rid of my RHEUMATISM and have cured all kinds of chronic cases by making them go according to the directions, some of them the doctors had given up. Why don't you send a lot out here and start an agency? You could sell any quantity of it, as everybody who has tried it says it is the best medicine they ever took. With many thanks, and wishing you every success,

I remain, yours truly,
W. H. PARSONS,

EVERYBODY SUFFERS PAIN.—It is the result of sin and a violation of nature's laws. The great Creator of the universe in his infinite mercy has done much to allay the sufferings of his people by giving them out of nature's store-house a "balm for every wound." Such is the Pain-Killer made by Perry Davis & Son; it stops pain almost instantly, it is used both internally and externally, and is of all other pain remedies the oldest and best. *

The nearer we follow nature in the treatment of disease, the more successful we are. Dr. Fowler's Extract of Wild Strawberry is Nature's Specific for Cholera Morbus, Dysentery, Colic, and all forms of Summer Complaints. It speedily cures Canker in the stomach or bowels, and is safe for infants as well as adults. (23)

The indications of the approaching season seem to threaten an unusual amount of the various forms of bowel complaints. Our readers would do well to supply themselves with some reliable remedy like Doctor Fowler's Extract of Wild Strawberry, as a safeguard against sudden attacks of Cholera Morbus, Colic, Dysentery, &c., that unless promptly treated are often suddenly fatal. (20)

NEW ARRIVAL OF PIANOS. — Messrs. Bagnall & Co. have the most splendid display of Pianos and Organs ever exhibited in the city; some choice Violins, Guitars, brass and nickel-plated Cornets, and everything pertaining to the music trade. Pianos and Organs for hire. Tuning and repairing by J. Bagnall. Government street, Victoria. *

IT HAS STOOD THE TEST OF TIME.

For twenty-five years has Dr. Fowler's Extract of Wild Strawberry been before the people, and its popularity is today greater than ever, because it has proved reliable in the treatment of all forms of Bowel Complaint incident to the Summer season. (24)

JOSEPH RUSAN, Percy, writes:—I was induced to try Dr. Thomas' Eclectric Oil for a lameness which troubled me for three or four years, and I found it the best article I ever tried. It has been a great blessing to me. 62

MORE SHAMEFUL CONDUCT OF THE GOVERNMENT PARTY.

The government charge that a voter named Peck was shanghaied at Yale on election day by the Opposition committee, dosed with grog and finally rescued by the government committee. After he got into the hands of the government crowd he must have met with bad usage or at least neglect at their hands, as it would appear that eight days after the election he was picked up drunk on the streets of Yale and soon afterwards died. What the government committee did with the unfortunate man in the meantime, has not transpired; but from his dilapidated condition when they had got through with him he must have met with very rough usage. There will probably be an inquiry. It is said that prominent citizens of Yale—one of whom runs a rum-mill—are implicated in the acts which led to this unfortunate man's undoing.

YALE ELECTION.

The government party threaten to contest the election at Yale; not, however, with any chance of success; but with the faint hope that by throwing a cloud on Mr. Martin's return they can avert for a month or two longer the resignation of the government. This hope is shadowy, and a majority of two to one is altogether too substantial a structure to be overcome by the fancied grievances of men who have been frequently and decisively beaten at the polls. Hence the public may look for the resignation of the government within the next fortnight.

More Government Stinginess.

To the Editor: Your weekly of Oct. 4th contains a letter from a C. P. R. foreman, Mr. John Evans, complaining that recently at Boston Bar, the writer, a J.P. had refused to take charge of a Chinaman who had assaulted his wife and robbed his house. As will be seen by reference to Mr. Evans' letter, he knew when he penned that communication the real reasons (and partly states them) why I could not act in the matter, and take charge of his prisoner.

I would here state that previous to Mr. E.'s Chinese case, all police business between Yale and Lytton had been transacted at one of the above named towns.

For your information I will state fully my reasons for not acting promptly in the case, in addition to that given above.

1st—No gaol at Boston Bar and none nearer than Yale or Lytton, and no secure building suitable for the confinement of a prisoner.

2nd—I had no constable and no guarantee from the Government for the payment of one, if engaged by me for special service.

About 18 months ago the government repudiated payment of a special constable I had engaged in Yale to assist me in holding a fire inquest on the causes which led to the last great conflagration in that unfortunate town.

Shortly after the inquest I gave the government agent at Yale an order for payment of my constable, $5 for two days' wages and one dollar for boat hire. Mr. Dewdney refused to pay the money. I then wrote the Provincial Secretary, with no better success. Receiving no satisfactory answer I paid the constable out of my own pocket, and to this day the government, although holding the voucher for it, has never recouped me for my outlay.

Hence, if not specially instructed, in places where there are no gaols and no regular constables, unless I am prepared to meet government repudiation, and pay all expenses attendant on police cases of this kind out of my own pocket, I simply cannot act.

In the Chinamen's case Mr. Dewdney learning of it from Mr. Evans' telegram, at once telegraphed me a request to act, thus guaranteeing payment of expenses, on receipt of which I immediately engaged a special constable (between 7 and 8 o'clock, P.M.) took charge of the offending celestial, in due time held the preliminary examination, committed him for trial and sent him down to Yale.

Mr. Evans asks if the J. P.'s are dummies in this country? In answer to that question let him examine the police records of Yale and Lytton for the past two years and I think he will find from them that the J. P.'s in this district are *not* dummies, but men, discharging onerous, unthankful, unpaid, but not altogether—by the public—unrecognized duties.

Apart from the impertinence of Mr. Evans' letter in this regard, I willingly admit, that there was great and just ground for complaint; he deserves credit for making his grievance public, but while seeking justice and protection for himself and his excellent wife he should, I submit, have been particularly careful not to wilfully do the injustice of putting even the appearance of blame on any but the right shoulders, namely, those of the government.

E. Pearson.

Boston Bar, Oct. 20, 1882.

Mainland Opinion.

(British Columbian.)

The feeling throughout the country in favor of an immediate change of government is very general and very strong. The feeling is by no means confined to the Mainland. All intelligent minds are now convinced that it is to Mr. Beaven the country is chiefly indebted for the deplorable muddle into which dock matters have been brought, and the island people now thoroughly understand that it is he who has severed the last link connecting the Dominion government with the island railway. If a general election were to take place to-morrow, the verdict of the constituencies against the government would be even more sweeping than it was three months ago. Nor are the reasons far to seek. The shameless conduct of Mr. Beaven in still holding on to office in defiance of adverse popular opinion, and the circumstances under which the member for this city joined a condemned cabinet, taken in connection with the very generally unacceptable policy of what is by courtesy termed the government, have had the effect of completely alienating the sympathies and destroying the confidence of the few who had not before declared themselves in opposition. The administration was sufficiently unpopular before Mr. Walkem left it. Now it is detested.

Coal and Wood.—Mr. W. Walker has removed his coal office to Mayor Shakespeare's labor exchange, Yates street, opposite Langley. Coal and wood always on hand. Orders solicited. Telephone box 79.

What Some People Say.

That it was Mr. A. W. Barnett, and not Mr. Wm. Pollard, who stated that he was under the impression that he saw Mr. A. C. Muir sign the note addressed to the collector of votes at Nanaimo. Those who know Mr. Pollard will not deem this explanation necessary.

That a man has been arrested charged with obtaining credit by virtue of a bag of salt which he represented to be gold dust.

That the daily circulation of the London Standard is now 232,000. The daily circulation of its Victoria namesake is about 350 copies.

That sharp shocks of earthquake have been felt in the West India Islands.

That Mrs. Scott-Siddons has had to place her husband, Chater, in a private lunatic asylum in England.

That Sir Charles Tupper is at Winnipeg.

That the Manhattan Insurance Co. of New York has retired and transferred its business to the Phœnix Co. of Brooklyn.

That the wife of John T. Norris, late of this city, died at Port Townsend on Tuesday. She was aged only 19.

That Archbishop Nestor's body has been washed ashore at Alaska. He committed suicide by jumping overbord from the steamer St. Paul.

That ladies of the Methodist Church intend giving a sociable in the lecture room next Tuesday. Admission, 25 cents, including refreshments. *

The Banquet this Evening.

Arrangements are nearly completed for the civic banquet to-night. The large city hall has been selected for the occasion and tables have been put in to seat 250 guests, and covers will be laid for that number. Four tables stretch nearly the whole length of the room and those will accommodate about 50 each. A circular table is placed at the east end at which will be seated the guest of the evening, His Excellency the Governor General, also the Lieut.-Governor, the Mayor and other gentlemen of position and influence. Another circular table occupies the west end for the vice chair and his supporters. The windows will be festooned with British and American flags; but the room being new, elaborate decorations will not be attempted as they would tend rather than otherwise to mar the fine appearance of the hall. Large ranges are in position in the committee room at the west end of the building. The *chefs de cuisine*, Messrs. Hartnagle & Redon are sparing neither pains nor expence in getting up this grand banquet, and it will be certain to exceed everything of the kind that has been attempted in the province. A few tickets are still unsold and can be obtained at the city clerk's office up to one o'clock to-day.

Municipal Police Court.

(Before Hon. A. F. Pemberton.)

THURSDAY, Oct. 26.

Daniel McAskell was charged with obtaining goods under false pretenses.

Supt. O'Connor stated that he had been some three days at the Terminus Hotel in this city, and that he had gone round obtaining goods on false protences, representing that he had a bag of gold dust which, however, proved to be only a bag of salt. He asked for his remand till to-morrow in order that he might make some enquiries about the prisoner.

His Honor remanded the prisoner for one day.

VISITED THE CITY.—Last evening about 5 o'clock His Excellency the Governor General and the Princess Louise visited the city, calling in at Nesbitt's cracker bakery, and inspecting the process of manufacture with much interest. The distinguished visitors afterwards proceeded along Government street as far as Johnson street and then returned on the way to Government House.

THE EXCURSIONISTS.—Steamer George E. Starr went direct from New Westminster on Wednesday to Seattle without going to Nanaimo, in consequence of there being no upriver steamer available to go through to Yale.

LIEUT.-GOVERNOR DEWDNEY is ill at Winnipeg, suffering severely from sciatica and unable to return to the northwest this winter.

Supreme Court.

(Before the Hon. Mr. Justice Gray.)

THURSDAY, Oct. 26.

In the matter of M. Muir against the return of J. R. Hett as representative of Esquimalt electoral district.

Mr. McElmen opened the argument for the respondent. He maintained that the petitioner had not made out his case, as he had failed to prove that he had voted or was entitled to vote; also that Mr. Pooley's eligibility to take the seat in case Mr. Hett was unseated had not been substantiated.

His lordship said the whole argument must be confined to the validity of certain votes, and read from his notes of the 5th Oct. to show that such was the understanding with counsel on both sides during Mr. McElmen's absence.

Mr. McElmen said he was not instructed to that effect.

Mr. T. Davie said that it was agreed on the 5th Oct. that no question should be raised as to the validity of the election.

His lordship read from reports of proceedings on 5th Oct in *The Colonist* and *Standard* which agreed with his notes. All sides had agreed that the election was valid, that Mr. Muir had voted and that the validity of the numbers only was challenged. A judge must be governed by his notes and the notes before him stated that the validity of the numbers only was challenged.

Mr. McElmen said he was not present on the 5th Oct., but Mr. Pollard would be able to say what took place on that occasion.

Mr. Justice Gray—Do you suppose I would allow Mr. Pollard or any one else to say whether my notes are correct or not? That would be a most degrading position for a judge to occupy.

Mr. McElmen—If your lordship misunderstood—

Mr. Justice Gray—But I will not allow you to say that I misunderstood the matter at all. These notes are correct, and have been substantiated in a most extraordinary manner.

Mr. McElmen said he did not admit that Mr. Hett was unduly returned.

His lordship said that no one expected counsel for respondent to admit that. The court could not allow its notes to be impeached. Two learned counsel had agreed to a certain course while McElmen was away and the respondent must be held by that agreement. He would hear no argument on that point.

Mr. McElmen asked his lordship to reserve that point for future argument as this court was not final.

Mr. Justice Gray—You had better read the act. However, I have taken down the point with regard to Mr. Pooley's eligibility and will hear argument on that point if it is decided that Mr. Hett is not eligible to hold the seat.

Mr. McElmen endeavored to continue the argument, but

His lordship said all trifling must now cease and counsel must confine himself to the numbers that were challenged.

Mr. McElmen then maintained that Lavender had not been proved to be an alien.

Mr. McElmen and Mr. Pollard addressed the court until 8 o'clock when Mr. Davie commenced his reply, which was not concluded when the court adjourned till Saturday morning at 11 o'clock.

THE BRITISH COLUMBIA PRESBYTERIAN CHURCHES.

ACTION ON DR. COCHRANE'S VISIT.

At the Home Mission committee meeting of the Presbyterian Church in Toronto the committees appointed to consider and bring in resolutions, based upon Dr. Cochrane's visit to British Columbia, gave in their report. After deliberation the following recommendations were adopted: 1. That nothing be done by the Church in Canada which may imperil the unity of the Presbyterian cause in British Columbia, and therefore, that action in the way of receiving any of the congregations in the province be deferred until full correspondence has been had with the Church of Scotland and the Presbytery of British Columbia. 2. That the work of the Church and the care of the population in the province can be best overtaken by having all the congregations there connected with the Church in Canada, and that it is desirable to have them received into this Church as soon as it can be accomplished; that in carrying on this work the Church in Canada should seek the co-operation of the home Churches, and receive such pecuniary aid as they may be pleased to afford; and that this opinion of the committee be submitted to the consideration of the Colonial Committee of the Church of Scotland and the Presbytery of British Columbia, with a view to ascertain their opinion in the matter, with a request that a reply be returned as early as possible so as to enable the committee at its meeting in March to mature the whole matter for the General Assembly. 3. That should the first congregation in Victoria still desire it, this committee provide them supply, and that pending the action of the Colonial Committee of the Church of Scotland no action be taken with reference to the request from the congregation of Nanaimo. 4. That the committee are unable to accede to Mr. Jamieson's request to be transferred for six months to the Nicola Valley, and that in view of the circumstances of New Westminster the committee feel constrained to reduce the grant to $800 per annum from the first of January next. 5. That the convener be requested to forward a copy of Dr. Cochrane's report, together with these resolution, to the Colonial Committee and the Presbytery of B. C.

It is reported that Mr. Hopkins, of Squak, has discovered in the Cascade Mountains a large and well defined vein of anthracite coal. It is also reported that the vein averages from nine to fourteen feet in thickness.

A man named Kelly, a Swinomish farmer, was drowned near Laconner, last Monday. He was on board the steamer Washington, going to his home near by, leading his row-boat, the painter of which he held in his hand. The speed with which the steamer ran, added to the resistance presented by the row-boat, was more than he could withstand, and he was pulled into the water.

NEW YORK, Oct. 24.—The Turf Club theatre was crowded to-night at the sale of seats for the first appearance of Mrs. Langtry. Box B. sold to Charles Wyndham, of the famous Beauties troupe, for $320. The seven first choice seats were bought for $17 50 each.

NEW YORK, Oct. 23.—Subscribers to the skirmishing fund met again to-day. Reference was made to the telegram sent to Sir William Harcourt and for which $117 was charged. It was stated that only $12 had been paid for the dispatch. Captain Spearman suggested that only two classes of people subscribed to the skirmishing fund, fools who gave their money and cranks who wished to know what had become of it.

NEW YORK, October 23.—The Chinese question is beginning to loom up in Canada as one of political and social consequence. The importation of several thousand Chinese into British Columbia to work as navvies on the Canadian Pacific railroad has aroused much feeling among the trades unions, which at a meeting in Toronto Saturday night passed resolutions condemnatory of "John Chinaman" being allowed the countenance of government or its contractors, and urging prohibition or restriction whenever practicable of Chinese immigration. In Toronto until lately the number of Chinese was very small, and as the laundry business was the only one which suffered from their competition there was no complaint. Latterly the restrictions placed upon their immigration into the United States have drawn considerable numbers to Toronto. The other day some of them in attempting to pass through the United States, ostensibly on their way to the celestial empire, were met by obstacles at the suspension bridge from American officials, which induced them to return to the bosom of the small Chinese community in Toronto.

MILWAUKEE, Oct. 24.—In a drunken affray near Hanover, Wis., Charles Stewart knocked his cousin Spencer Turner insensible with a poker, deluged him with kerosene and applied a match. Following this he dragged the blazing body out of the house. The victim died Sunday noon in terrible agony.

COOPERSTOWN, N. Y., Oct. 24.—John N. Nape, living near Portlandville, shot his wife across the breakfast table and then shot his hired man named Baker, then shot himself, cut his own throat and died. The others will recover. Jealousy was the cause.

Cape Colony.

DURBAN, Oct. 25.—The Transvaal is at war with Mapach, a native chief, who harbors Mampoer, murderer of the Kaffir chief Seocensi.

The Transvaal government has sent a force of 2000 men to subdue the native chief Kanapoch, who heads the combination of chiefs resisting the Boer government.

EUROPE AND EGYPT.

CAIRO, Oct. 24.—Most alarming news has been received from Khartoum. The false prophet at the head of the whole ablebodied population of the Soudan, reinforced by some cannibal tribes of Central Africa, has publicly defied Abdel Kaber and defeated the Egyptian governors in several sanguinary pitched battles. The Egyptian loss in killed and wounded was 8000, with their stands of arms, including 5000 Remingtons. The remnant of the Egyptian army took refuge in Khartoum and is now besieged there. All the provinces south of that city are lost to Egypt.

News of the capture of Khartoum is daily expected.

It is stated the capital of Kardofan has been besieged for thirty days; its capture is expected. An attack on Khartoum will follow.

The false prophet permits the pouring of boiling tallow into the eyes and ears of his captives, and otherwise fiendishly tortures them. These maneaters, in some cases, actually devour their prisoners for refusing to recognize him as the true prophet and khalif. Dr. Schweinfurth assures me that there is a movement for the real revival of Islam, comprising Afghanistan and Morocco, and the doctor is sure that the movement will embrace Vahtar. The false prophet's adherents increase like wildfire, and the prophet himself is said to be marching toward Cairo. Great weight is due the opinion of Schweinfurth, but I believe Chinese Gordon or Valentine Baker would be able to finish the whole business with 5000 men. Abdel Kaber was known to fame as the commander of the Forty Thieves under Sir Sam'l Baker.

ALEXANDRIA, Oct. 24.—It is unofficially reported that the Egyptian government are about to abandon the prosecution of Arabi Pasha. It is charged this action is due to the expressed wishes of the authorities at Constantinople.

Arabi Pasha's correspondence during the last two years was seized this morning and deposited with Sir Edward Mallet, British consul general. It includes a voluminous correspondence with Constantinople and the minister of secret sittings of the Baronde cabinet.

The evidence against Arabi Pasha is said to be very strong. His correspondence with the sultan is highly compromising.

It is thought the entire proceedings against the rebels awaiting trial may be stopped by a decree of exile against the ring leaders and amnesty to the others.

Arabi says events prove to him the folly of hoping to succeed in any other national movement or trusting to the sultan. The happiness of Egypt makes it necessary for a virtual government of the country by the English.

ST. PETERSBURG, Oct. 24.—The loss by fire in the timber yards along the river Neva, is estimated at 5,000,000 roubles. Forest peat bogs are now on fire for miles around St. Petersburg. The city has been covered for some days with a dense smoke.

LATER—The fires in the timber yards on the bank of the Neva river have been extinguished, with a loss of 2,500,000 roubles. The property is insured for one-half that amount in Prussian and English companies.

BERLIN, Oct. 24.—Further reports regarding the elections for direct electors of members of the Diet show the extreme right, and secessionists are net gainers to the extent of nine and five respectively. The national liberals lost ten seats.

LONDON, Oct. 24.—A dispatch from Belgrade says: As the king of Milan entered the cathedral between two rows of people, the woman Markowitch fired at him with a large revolver. The bullet wounded a female spectator. The bystanders beat the king's assailant until the minister of war interfered.

The *Vienna Presse* says the king's assailant has been suffering from melancholia ever since the execution of her husband and she can scarcely be considered responsible for her actions.

CALCUTTA, Oct. 24,—The ameer of Afghanistan has appointed his son to the governorship of Herat, dismissing the former governor, Abdul Khan. As a consequence of this considerable excitement prevails. Serious disturbances are threatened. The inhabitants in the vicinity of Cabul revolted and killed the governor.

LONDON, Oct. 24.—The Irish parliamentary party, after a conference, have decided to insist that an an inquiry be made upon the question of Gray's imprisonment with a view of restricting the judge's action in the matter. Mr. Sowers will in addition to this reopen the discussion upon the present workings of the land act. Lord Randolph Churchill in opening the business of parliament, to-day, moved an immediate adjournment as a fitting protest against the unconstitutional method pursued in assembling that day.

DUBLIN, Oct. 24.—P. J. Smith, member of parliament for Tipperary, a moderate nationalist, has written a letter in which he says the recent national conference was not a representative one. He warns his countrymen aginst the new movement, which he describes as shame, deceit and fraud. Its only object, he declares, is to get money, which will never be accounted for, to support Ireland's worst enemy.

DUBLIN, Oct. 24.—The trial of the murderers of the Joyce family, near Cong, begins about the 4th of November. The attorney general has decided to try the prisoners in batches of two at a time. Justice Barry will preside.

LONDON, Oct. 24.—A wind and sleet storm which visited London early this morning is still raging, and meagre dispatches report snow and hail storms in various parts of England. In several localities rivers have overflowed their banks. Telegrapic communication is so seriously intefered with that no estimate of the damage can be given.

LONDON, October 22.—An anonymous communication appeared in the "Irish Union" last week in which it was asserted by the writer that there was an underestimate by Egan of receipts for the general fund of the land league of £25,986, and an over estimate of legitimate expenditure of £7,264 which was unaccounted for.

Justin McCarty, M. P., and McCarthy Jr. have been interviewed. They declare from personal knowledge that the allegation is utterly unfounded.

DUBLIN, Oct. 23.—A Connaught telegram says: "We are glad Egan has resigned control of the money bags and it is to be hoped the new league will see the necessity of keeping the treasury on Irish soil in future."

LONDON, Oct. 23.—John Bright, replying to a resolution of the Birmingham trades' council, writes that the only fault with the procedure resolutions is that they are not sufficiently stringent to be an effectual remedy for the evil they are intended to meet.

BELGRADE, Oct 23.—The king's assailant is the widow of Colonel Defrew Markowitch, executed with several others in May 1878, by order of the king. The attempt is not attributed to revenge, but partly to political motives. After the attempt to assassinate the king, Queen Nitabe, who was with the king in the cathedral fainted and was carried in an unconscious state to the palace. The king accompanied her thither and soon returned to the church unattended and remained until the service was over. A crowd attempted to lynch the assassin.

EDINBURGH, Oct. 24.—Sontar, whose trial for stealing the body of the Earl of Crawford at Balcarres began yesterday, was found guilty and sentenced to five years' penal servitude.

LONDON, Oct. 25.—Advices from Shanghai report that disturbances have occurred between sailors on English and German war vessels, and that six Englishmen received serious wounds.

At the Newmarket Houghton meeting the Cambridgeshire stakes were won by Harkness; Shrowsbury second and Venusta third. The Criterion nursery stakes were won by Corunna, Doran second and Blue Rock third.

CAIRO, Oct. 25.—Inquiry into the recent massacres at Alexandria reveals the fact that they were ordered in the name of Arabi Pasha, and that Coulba Pasha had been seen to protest and try to save the lives of certain christians during the massacre.

Further reports tend to confirm the news of the massacre of Egyptians in Soudan. According to the latest private advices from Khartoum, the Egyptians were preparing for defenses, throwing up forts, digging ditches, etc. Prospects are desperate, the garrison being composed of only a handful of men, while the new prophet is leading assaults at the head of six thousand men.

ALEXANDRIA, Oct. 25.—Many arrests were made last evening of Arabs creating disturbances in the native quarter.

BERLIN, Oct. 25.—The Emperor returned to-day from Baden Baden in good health.

CAUTION.

We beg to call the attention of the trade and the public to the well known quality and elegance of finish of our Gold Cases, guaranteed by us to be of eighteen karat Gold, U. S. Mint assay or of fourteen karat Gold, as may be stamped, and also to our mode of selling the same, charging only for the ACTUAL WEIGHT of the gold used, and not for the base metal comprised in springs, key pipes, filling of crown, etc. To illustrate which a tag accompanies each one of our Gold Cases, which plainly indicat not only the gross weight of the case, but also the NET weight of the gold.

In explanation of the above we desire to say that the old plan of charging for the gross weight of the case, as if it were all gold, worked well enough as long as the manufacturers were content with the amount of brass and steel actually required in its construction; but when the business was degraded into a contest as to who should get the most base metal into the least quantity of gold and call it a GOLD case, then the time came when, in the interest of dealers in American Watches, it became necessary to adopt a plan of selling, showing the buyer exactly how much GOLD each case contained.

To avoid imposition, purchasers of Waltham Watches will observe that every genuine watch, whether gold or silver, bears our trade mark on both case and movement. Gold cases are stamped "A. W. Co.," and guarantee certificates accompany them. Silver cases are stamped "A. M. Watch Co., Waltham, Mass., sterling silver," and are accompanied by guarantee certificates, signed R. E. Robbins, treasurer. The name "Waltham" is plainly engraved upon all movements, irrespective of either distinguishing marks. This caution is rendered necessary by reason of the fact that our cases are frequently separated from our movements, and put upon worthless movements of other makers and vice versa, thus affecting injuriously the performance of the watches, and vitiating our guarantee, which is intended to cover only our complete watches wholly made by us. It is necessary also, because it is so notorious as to be a public scandal that there is great fraud in the metal quality of both gold and silver cases as now generally sold. We have demonstrated by frequent assays that many gold and silver cases offered in the market are debased from 10 to 20 per cent. from the quality they assume to be. This is a fraud upon the purchaser, and accounts for the low price at which such cased watches have been sold.—AMERICAN WATCH COMPANY, Waltham, Mass. dw

RE-OPENING OF THE BRITISH PARLIAMENT.

Preliminary Proceedings.

LONDON, Oct. 24.—Parliament re-assembled to-day. Previous to the assemblage of commons advanced Irish members held a meeting. They were chiefly occupied in arranging petitions referring to the imprisonment of E. Dwyer Gray. Lord Mayor Dawson, of Dublin, has a hundred petitions to present in the house.

In commons Lord Randolph Churchill, conservative, contended the present sitting was irregular. After the appropriation bill has received the royal assent he moved to adjourn the house in order to protest against an autumn session.

Churchill made a long historical review. He pointed out, amid cheers from tories, that the commons had ever been jealous against a monarchial or ministerial tyranny. Gladstone said he was glad to see Lord Churchill and the house again. He contended the precedents quoted by Churchill were inapplicable. The house, he said, had full power to take its present course. Churchill had small knowledge of parliament if he thought the government would be upset by a vote of want of confidence on the appropriation bill.

Gladstone cited the precedent of 1820, when the house adjourned in July and reassembled in August, and transacted business of various kinds. Thus, he said, Lord Randolph Churchill's assertion was easily destroyed, mashed, pulverized. [Cheers and laughter.]

Northcote commented on Churchill's action. He asked Gladstone whether he would adhere to his financial view of the situation or make a statement in reference to the war in Egypt. After remarks by Harcourt, home secretary, and Wolff, conservative, the house divided on the motion of Lord Randolph Churchill, and it was defeated, 209 to 142. Gladstone then gave notice he would give a vote of thanks Thursday to the British in Egypt. Gladstone stated that in regard to the first rule of procedure, the government would adhere to its main proposal and would offer as a second rule that the motions for adjournment would only be made by leave after questions were finished and the order of the day commenced. Motions for granting leave should be put forthwith on more than four members supporting by rising in their places. Gladstone gave notice of a further addition to the rules, according to which, to bring in bills and motions that have passed committees shall not be subject to the rule precluding any opposing business being taken at 12:30 a. m. This will in in a great measure frustrate the blocking of bills.

Gladstone then moved a resolution giving precedence rules to procedure whenever set down.

Northcote expressed regret at the decision of the government to adhere to the cloture.

Walter Bartlett, conservative, declared he would oppose the cloture by all the forms of the house, and he called upon the opposition to do the same.

The house divided, and Gladstone's motion for precedence was carried 94 to 47.

Gladstone called attention to the case of E. Dwyer Grey. He said he was glad to see Grey present in the house. The precedents, Gladstone affirmed, were completely in favor of the appointment of a committee in Grey's case, and he moved such an appointment.

Parnell asked Gladstone to enlarge the scope of inquiry to be made by the committee proposed in Grey's case, else the time occupied by the committee in its deliberations would be wasted. He contended the question to consider was in modification of the power of the judges.

Lewis, of Londonderry, moderate conservative, endorsed Parnell's views. Henry James, attorney-general, explained the motion for the appointment of the committee was a matter of privilege, and the house could not go beyond cases on a point of privilege. Gladstone's motion was agreed to.

Lord Granville gave notice he would Thursday next move a vote of thanks to the commanders, officers and men of the British army in Egypt. He would then propose the house adjourn until November 10.

Salisbury acquiesced in the proposal of Granville. The house then adjourned until Thursday, when Salisbury will ask the question regarding the Egyptian policy of the government after the vote of thanks to the army has been passed.

Lord Randolph Churchill, in opening the business of Parliament to-day, moved an inmediate adjournment as a fitting protest against the unconstitutional method pursued in the assembling of that body.

SEATTLE, Oct. 23.—James Bennet, first mate of the ship Harvester, was to-day sentenced to two years and a half in the United States penitentiary of the territory, and George Lilly, second mate of the same ship, to twelve month's in the same, for cruelty practised upon the seamen during the late voyage from Philadelphia. Each man was further sentenced to pay the costs of his prosecution.

The Manilla Cyclone.

MADRID, Oct. 24.—An official dispatch from Manilla, dated the 21st, states that a typhoon destroyed all the wooden and thatched houses and carried away iron and tinned roofs of others. Sixty thousand families are homeless. The barracks, hospitals and government offices are destroyed. The loss of life, however, is relatively small. Malacca and Bonlacan were also devastated. Communication is interrupted between Manilla and towns on the island of Luzon.

DR. J. COLLIS BROWNE'S CHLORODYNE

THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia Rheumatism, Gout, Cancer, Toothache, Meningit &c.

☞ From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 6th, 1880. To J. T. Davenport, Esq., 33, Great Russell street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

CAUTION.—Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.—See "The Times," July 13, 1864.

Sold in bottles at 1s. 1½d., 2s. 9., 4s 6d and 11s. each. None is genuine without the words "Dr. J Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution—Beware of Piracy and Imitations.
